Frido: At Frido, we are dedicated to enhancing daily living through innovative, ergonomic solutions that promote comfort and well-being. Our mission is simple: to design the next generation of products that help people walk, sit and sleep better. Frido's story began with a powerful vision: restoring dignity and freedom to those who need it most. It all started with a groundbreaking idea, wheelchair designed not just for mobility, but for accessibility and independence. This led to the creation of the Frido Go, the first-ever self-propelled shower and commode wheelchair capable of navigating complex spaces and folding neatly into a suitcase. From homes to hospitals and even the Indian Army Veterans Rehabilitation Center, Frido Go has reached over eight countries, making a tangible difference in countless lives.

Hastkala: Hastkala is a homegrown furniture manufacturing company born in the outskirts of Jaipur, Rajasthan. Our journey embarked with a humble beginning, when 24 years ago our father stumbled upon the world of wood craftsmanship and fell in love with it ever since. We started as a small family of 15 members comprising the local and artisanal communities. Today, our family has grown diverse with over 250 skilled artisans and manufacturing facilities spread across 50,000sq. ft. Currently, Hastkala designs have adorned homes in over 50 countries worldwide. Detailed craftsmanship and quality making lie central to our values, and for us, the essence of craft has always lengthened beyond the technique and reaches towards understanding the larger impact an object generates, by where it is made, how and by whom.
