FIRM

FURNITURE INVESTOR ROUNDTABLE & MEET

www.wofxworldexpo.com/firm

The Indian furniture and home interiors industry is entering a transformative phase, driven by rising consumer spending, urbanization, premiumization, organised retail expansion, hospitality growth, and increasing global sourcing opportunities.

Against this backdrop, we are pleased to organise FIRM - Furniture Industry Investment Roundtable that brings together a select group of investors and business leaders for focused discussions on growth capital, strategic partnerships, acquisitions, and market expansion opportunities.

Hosted alongside WOFX – World Furniture Expo, FIRM provides a unique platform where investors can engage directly with carefully selected furniture brands and manufacturers seeking capital, strategic partnerships, and business scaling opportunities.

WHY FURNITURE?
WHY NOW?

India's Furniture Industry Is At An Inflection Point

The furniture sector is rapidly evolving from a fragmented market into a professionally managed industry driven by organized brands, manufacturing capabilities, technology adoption, and rising consumer aspirations.

KEY DRIVERS INCLUDE

Strong Domestic Demand
Growing residential, commercial, hospitality, healthcare, education, and workspace sectors are creating sustained demand for furniture and interior products.

1

Manufacturing Expansion
India is increasingly emerging as a preferred manufacturing destination supported by infrastructure development, improved supply chains, and government-led initiatives encouraging domestic production.

2

Brand Consolidation Opportunities
Thousands of regional and family-owned furniture businesses are entering growth phases that require capital, governance frameworks, technology integration, and market expansion.

3

Export Potential
Indian manufacturers are increasingly serving international markets and seeking capital to enhance capacity, certifications, product development, and global market access.

4

A Curated Platform for Meaningful Engagement

Unlike traditional conferences, FIRM is designed as a focused interaction platform where investors and business owners can engage in high-value conversations.
